

2026

To Our Local Theater Fans, Friends, and Family,

Right now is an incredibly exciting time for Douglasville and the surrounding areas! If you've taken a look around lately, you can see that our community is thriving. With transformative projects like the Douglasville Greenspace/Amphitheater Plan and the Master Art Plan moving from vision to reality, it's clear that our local leaders are dedicated to evolving our landscape. We are quickly growing from that easygoing town just west of Atlanta into a bustling, vibrant cultural hub rich with entertainment jewels for everyone to enjoy.

The **Douglasville Community Theater, Inc.**—home of the hit stage play **"Guess Who's Coming to Dinner"** and our October 2026 production of **"Steel Magnolias"**—is proud to be one of those existing jewels.

As metropolitan Douglasville undergoes this incredible development, we are poised to shine even brighter. Our next major milestone? Establishing our very own **brick-and-mortar location** to permanently house all future shows and community programs! Stay tuned for more on that!

To plant these roots and keep bringing you stellar productions, we need your continued partnership.

And here is how you can support local theater today:

- **Make a Donation or Become a Sustaining Partner:** As a 501(c)(3) nonprofit organization, we reinvest every single dollar back into our mission and our community rather than paying shareholders. Your tax-deductible donation is the most direct way to fund our building project as well as future productions. Consider making a one-time gift (*tier levels are below) or setting up a monthly pledge to provide sustained, predictable support for **YOUR** community theater. Each tier level comes with complimentary tickets that enable you to treat yourself, your family or your clients to a future night of incredible live entertainment. And your gift directly funds our current operations while guaranteeing you a seat at one of our upcoming, highly anticipated productions.
- **Advocate for the Arts:** Local theater thrives when the community speaks up. Talk to your local and state legislators about the immense economic and cultural value that nonprofit arts organizations bring to Douglasville. Urge them to keep arts funding and infrastructure grants at the forefront of community development budgets.

We have come so far together, but the real work—and the most exciting chapter—is happening right now. In addition to Steel Magnolias, we are entirely dedicated to bringing you the following top-tier, unforgettable theatrical experiences (dates to be determined; titles subject to change):

- **“Around the World in 80 Days”**
- **“Radium Girls”**
- **“Fences”**

Thank you for being the ultimate champion of local storytelling.

See you at the theater!

Warm regards,

The Douglasville Community Theater Team
